CLONE A REPOSITORY

The screenshot shows a GitHub repository page for 'laPrepa'. The top navigation bar includes links for Code, Issues (15), Pull requests (3), Discussions, Actions, Projects (1), Security, Insights, and Settings. The repository name 'laPrepa' is shown as private. Below the repository info, there are buttons for main, branches (6), and tags (0). A modal window is open over the repository content, specifically the 'Code' dropdown menu. The 'Clone' tab is selected, showing cloning options via HTTPS, SSH, or GitHub CLI. The SSH URL is listed as git@github.com:deliaBlue/laPrepa.git. A circled arrow points from the 'Code' button in the top right to the 'Clone' tab in the modal. The repository description states: 'Repo used to build the contents and activities of the preparatory week.' On the right side, there are sections for Readme, Activity, Contributors (4), and Languages (Jupyter Notebook 97.9%, C++ 1.2%, Python 0.9%).

CREATE AN ISSUE

-404-
NOT FOUND

TAKE AN issue

The screenshot shows a GitHub issue page for a repository named 'laPrepa'. The title of the issue is 'Introducing Myself (deliaBlue) #91'. The page includes a search bar at the top, navigation links for Code, Issues (16), Pull requests (3), Discussions, Actions, Projects (1), Security, Insights, and Settings. A green 'New Issue' button is located in the top right corner.

The main content area displays the following information:

- Comment by deliaBlue:** This is my first time in this repo and I want you to know me. Add in the main README my name, my GitHub account, and a phrase that represents me.
- Actions:** deliaBlue added good first issue wontfix labels 6 minutes ago
- Automation:** github-project-automation (bot) added this to La Prepa Is On Fire 6 minutes ago
- Automation:** github-project-automation (bot) moved this to Todo in La Prepa Is On Fire 6 minutes ago
- Self-Assignment:** deliaBlue self-assigned this now

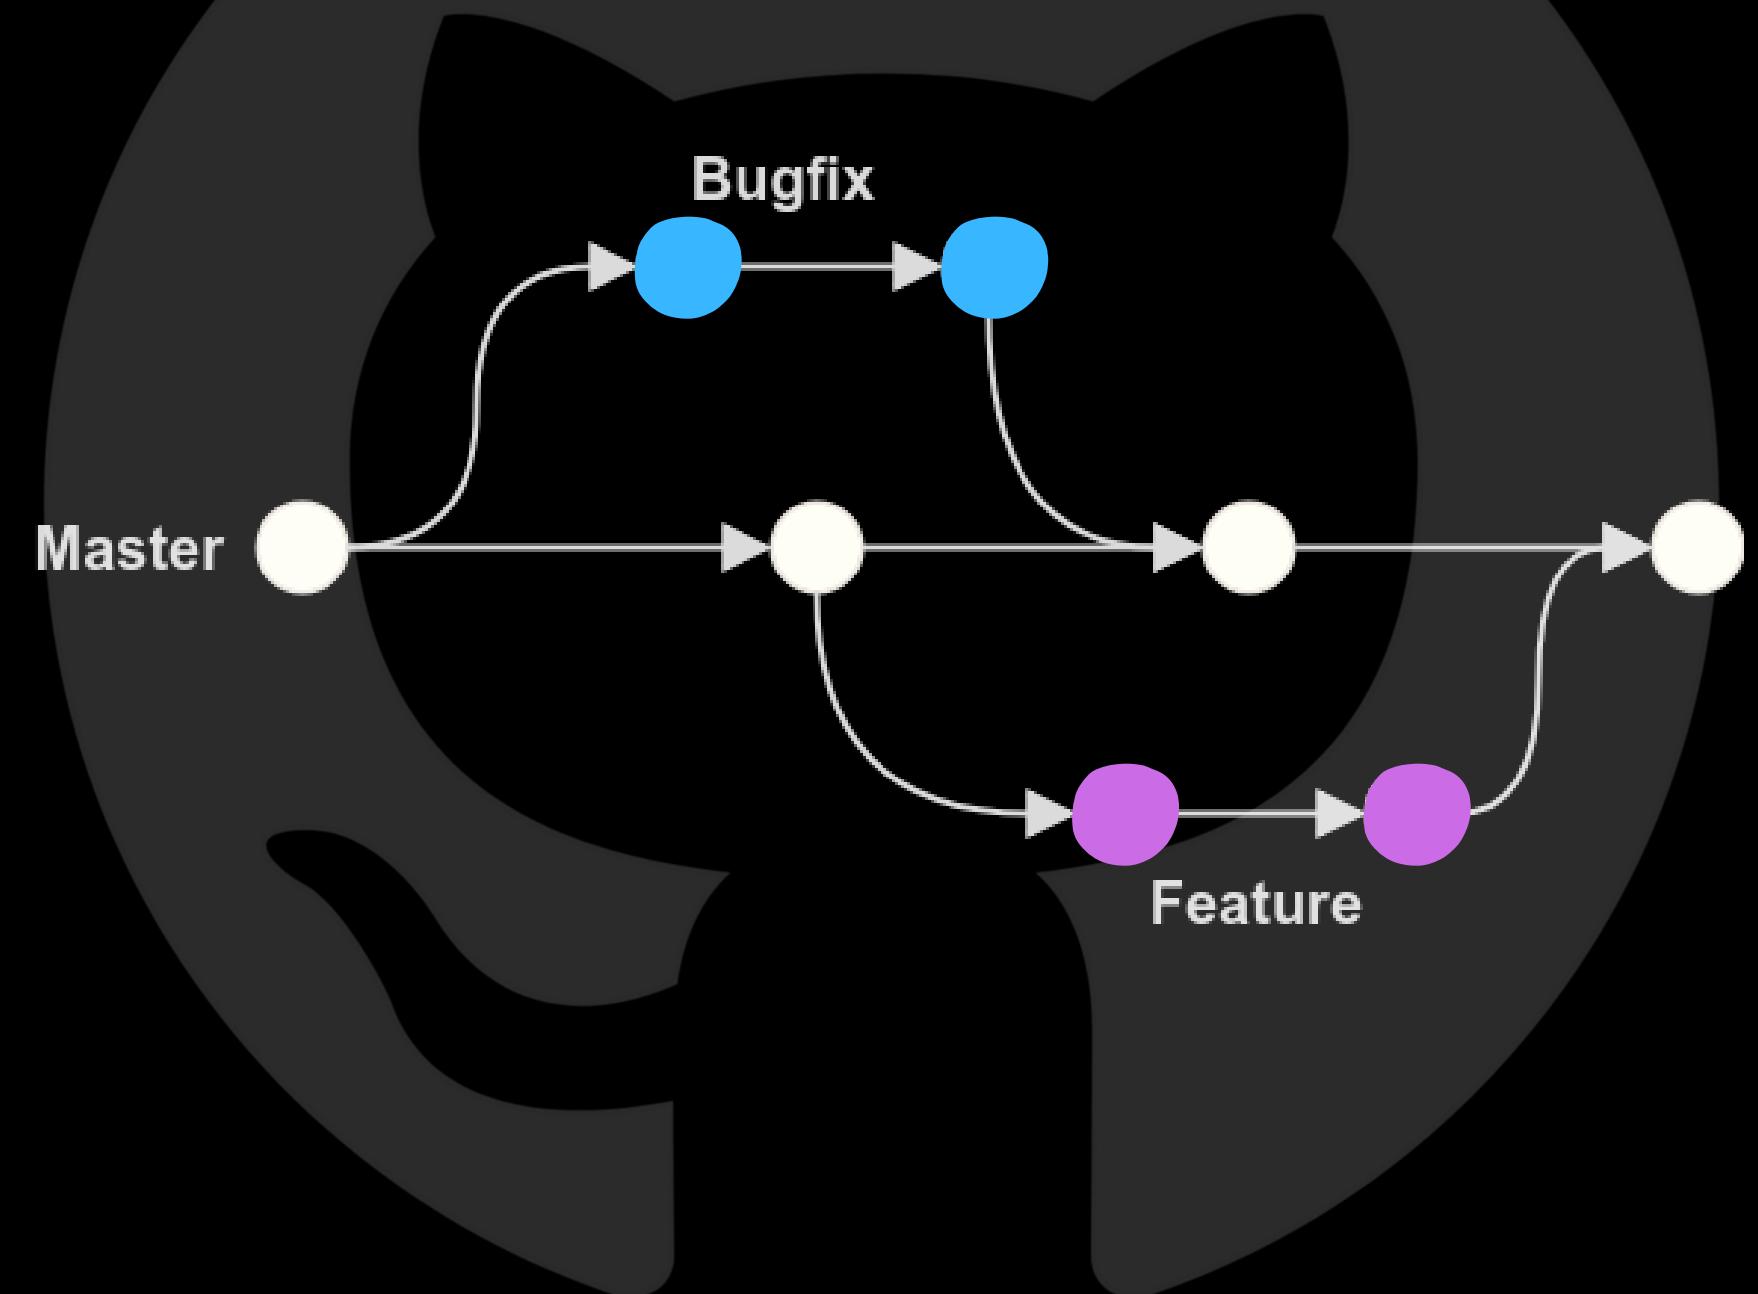

The right sidebar contains the following sections:

- Assignees:** deliaBlue (highlighted with a red circle)
- Labels:** good first issue, wontfix
- Projects:** La Prepa Is On Fire (Status: Todo)
- Milestone:** No milestone
- Development:** Create a branch for this issue or link a pull request.
- Notifications:** Unsubscribe (Customize)
- Participants:** 1 participant (highlighted with a red circle)

The bottom of the page features a rich text editor with 'Write' and 'Preview' tabs, a toolbar with various icons, and a text input field for leaving a comment. It also includes a file attachment section and a footer with 'Close issue' and 'Comment' buttons.

README.md	docs: add deliaBlue in the README (#92)	now	

README.md

La Prepa

Welcome to what will be the repository with the best content for a preparatory week (or for a 10h introduction of a lot of stuff) ever build!

NOTE: This is a "familiar" repository, so do not expect me to be formal throughout this file.

Things To See Here

1. Installation and Configuration
 - Installation for the Penguin Club
 - Installation For The Half-apple Cult

About

Repo used to build the contents and activities of the preparatory week.

- Readme
- Activity
- 0 stars
- 1 watching
- 0 forks

Contributors 4

- 404 deliaBlue
- IperM
- AlbaJimLup
- diego-benito-j

Languages

- Jupyter Notebook 97.9%
- C++ 1.2%
- Python 0.9%
